Malaysia's Biggest Mechanical and Electrical Show 2006 27 – 29 June 2006

Kuala Lumpur Convention Centre, Kuala Lumpur

Collaborative trade shows are not uncommon and it does not get any bigger than Malaysia's Biggest M&E Show 2006, which will be held from 27 - 29 June 2006 at the Kuala Lumpur Convention Centre.

Malaysia's M&E Show 2006 is an umbrella event that covers 4 power-packed expos including **ISF 2006** (*International Security and Safety Exhibitions and Forum*), **FIREC 2006** (*Malaysia's Official Fire Protection and Rescue Expo and Conference*), **TENAGA 2006** (*Malaysia's Official Electrical Engineering Show*) and **REVAC 2006** (*The International Refrigeration, Ventilation and Air-Conditioning Industry Show*). The combined event is expected to draw over 500 exhibitors from over 30 countries including national pavilions from the European Union, China, Korea, India, Singapore, and Taiwan. Over 10,000 delegates and trade visitors from not only these regions but also non-traditional markets such as India and Middle East are expected to attend this event.

"By bringing the 4 expos under one roof, we hope to create a magnet for all M&E practitioners either in mechanical and electrical; safety and security; fire protection and rescue; and ventilation and air-conditioning, where they can gather and view the latest and widest range of innovations and technologies. In addition, it will create a major forum for the M&E industry to be updated on the latest trends and issues and also network and share experiences," said Datuk Ir. (Dr) Mohd Annas, the organising chairman of M&E 2006 Show.

According to the organiser, M&E 2006 show has an impressive line-up of exhibitors showcasing their world standard products and solutions. Among the host of major confirmed exhibitors from all four umbrella sectors are Mitsubishi Electric, Ranhill Powertron, Crompton (India), Sanyo, Sony, Panasonic, BKtronics, JVC, Sistem Kejuruteraan Keselamatan, UMW, Kejuruteraan Asas Jaya, Cito Marketing, Progressive Safety Equipment, Everbright, Tyco Fire & Security Woodlandor, Airod and Allsports. LG and many more are expected to be at the event.

Datuk Mohd Annas revealed that besides the expos, the M&E 2006 Show will also feature several well respected experts and industry specialists, power-packed conferences including the Energy Dialogue organised by ASLI, the World Security Forum by ICSM, the National Refrigeration, Ventilation and Air-conditioning Technology Symposium and the Tenaga 2006 Technology Symposium with over 60 technical presentations by industry experts. One of the objectives of the conferences is to set the scene to address current and future issues, to cover a broad range of topic and issues, as well as challenges faced by the mechanical and electrical industry.

M&E Show 2006 is a purely business to business trade exhibition. Admission to the Expo is free and open to trade visitors from 27-29 June 2006 and the public on 30 June 2006. For more information on M&E show 2006, please visit website *www.ambexpo.com* ■
