BACKGROUND

MIR Valve Sdn. Bhd. (MIR) is Malaysia's pioneer in valve manufacturing and offers complete range of API 6D Ball and Gate Valves for the oil & gas, petrochemical, refining and power industries. Today, MIR valves are in service in onshore, offshore and subsea installations worldwide.

MIR's modern plant is located in Shah Alam, Selangor, 30 minutes drive from Kuala Lumpur. MIR's Quality Management System and products are certified to ISO 9001:2008, API 6D, API 6DSS, CE-PED and CE-ATEX and are an approved manufacturer with most of the major oil and gas companies.

MIR's valves comply and meet the most stringent customer requirements for the qualification of products through extensive testing, such as Firesafe, low temperature down to minus 100°C, fugitive emission, cycling, gas testing and other tests, QC inspection at their supply sources and 100% incoming inspection for all components and materials arriving into the plant.
