

THE DEVELOPMENT OF IECEX STANDARDIZATION AND APPLICATION OF HYDROGEN

A GATHERING
OF THE
WORLD'S TOP
IECEX
EXPERTS EVENT !

 **MAY 27 2024 (MONDAY)**

9:00 AM - 2:00 PM

 **KUALA LUMPUR GOLF & COUNTRY CLUB (KLGCC)**

WAROM TECHNOLOGY INCORPORATED COMPANY

Host Warom Technology Incorporated Company

Supporters

- Physikalisch-Technische Bundesanstalt (PTB)
- National Supervision and Inspection Center for Explosion Protection and Safety of Instrumentation (NEPSI)
- China Quality Mark Certification Group BU of Explosion Protection (CQM)

- **Warom Technology Incorporated Company (WAROM)**, the leading enterprise of explosion-proof industry of China, one of top three manufacturers in the world, offers a wide range of explosion protection solutions with main products including light fittings and electric apparatus certified with IECEX, ATEX, CU-TR, UL, PESO and IMMETRO, etc.
- By this chance, Warom will hold the event "THE DEVELOPMENT OF IECEX STANDARDIZATION AND APPLICATION OF HYDROGEN" in Kuala Lumpur, aiming to promote the latest technology of explosion protection, advance the integration of the global market, and strengthen exchanges between the industry and the international community, so as to continue to track the progress of domestic and foreign explosion protection standardization and grasp the latest technology and industry development trends.
- During the event, academic reports will be given by world's top explosion-proof experts and scholars from German PTB and IEC TC31, and Chinese NEPSI and CQM certified bodies. We will also invite Malaysian owners, consultants and EPC companies to participate for exchanges.
- WAROM sincerely invites you to participate, communicate and share your questions and experiences.
- Let's enjoy the event together!

Dr. Martin Thedens

- Head of PTB-Department "Explosion Protection in Sensor Technology and Instrumentation"
- Immediate Past Chair of ExNBG
- IEC TC 31 Chair "Equipment for Explosive Atmospheres"

Prof. Xu Jianping

- Executive of the IECEx System - Treasurer
- Shanghai Inspection and Testing Institute of Instruments and Automatic Systems Co., Ltd. (SITI/IAS)/National Supervision and Inspection Centre for Explosion Protection and Safety of Instrumentation (NEPSI)

Ms. Lu Qiao

- General Manager of China Quality Mark Certification Group BU of Explosion Protection (CQM)

08:30 AM - 09:00 AM ● Registration
Light Refreshments

09:00 AM - 09:20 AM ● Safety, Opening, Introduction

09:20 AM - 10:30 AM ● **Dr. Martin Thedens**
• The development of standardization.
• The new technology in the fields of explosion protection and hydrogen.

10:30 AM - 10:50 AM ● Q&A

10:50 AM - 11:10 AM ● Coffee Break

11:10 AM - 11:50 AM ● **Prof. Xu Jianping**
• Industrial safety of explosion protection and good practices.

11:50 AM - 12:10 NN ● Q&A

12:10 AM - 12:40 NN ● **Ms. Lu Qiao**
• Carbon labelling of increased safety junction box.

12:40 NN - 13:00 PM ● Q&A, Lucky Draw

13:00 NN - 14:00 PM ● Networking Buffet Lunch
