

Aonic Sdn Bhd provides comprehensive drone solutions for enterprises looking to modernize their operations. Formerly known as Poladrone, Aonic has expanded its services beyond drones into six areas: Agriculture, Industrial, Services, Retail, Academy, and Lifestyle.

During a technical visit to Aonic, the national distributor of DJI Enterprise in Malaysia, participants will see various drones and their uses in agriculture, energy, utilities, surveys, oil & gas, and public safety. The visit will feature DJI's latest drones, the DJI Dock 2 and DJI FlyCart 30. The DJI Dock 2 is an advanced autonomous drone station for industrial tasks, while the DJI FlyCart 30 is designed for versatile cargo delivery. The visit will showcase the capabilities of these drones in real-world applications, highlighting their potential to transform logistics and other sectors.
