## SYNOPSIS

Top Glove has established in 1991 with one of factory and three production lines. Currently, it has 23 factories and 458 production lines across Malaysia, Thailand and China, which is the world's largest rubber glove manufacturer. To stay ahead in product development, Top Glove collaborates with government agencies such as Rubber Research Institute of Malaysia (RRI) and Lembaga Getah Malaysia (LGM) to keep itself abreast with latest rubber research technology. All factories are fitted with modern machineries and online quality control measures to ensure the highest quality products. Top Glove emphasize on ISO 9001 and compliance of ASTM and EN455 standards. Top Glove's commitment has been recognized and rewarded through numerous awards, the latest awards are 2012 ASEAN Business Award-“Most Admired ASEAN Enterprise” for the category of Corporate Social Responsibility (Large Company), special achievement organization category by Malaysia Achievement Organisation, MIS ASIA 100- Top 100 IT departments in ASIA, MOSHPA Occupational Safety & Health Awards 2012 by Malaysian Occupational Safety & Health Professionals' Association and Penghargaan Industri Negeri Perak 2011/2012 by Department of Environment (Perak). Top Glove's corporate mission statement is “To be a World Class Glove Manufacturer providing top quality products with excellent services through continuous improvement and innovation”

Participants of this visit will also be briefed on Top Glove's latest development in addition to the plant tours at Top Glove's Corporate Office premises.
