# TECHNICAL VISIT TO HIKVISION (MALAYSIA) SDN.BHD. by INFORMATION AND COMMUNICATIONS TECHNOLOGY SPECIAL INTEREST GROUP (ICTSIG)

Since 2001, Hikvision has grown from being a single-product supplier to a complete solution provider to a global market leader. It's been a thrilling journey with a number of exciting landmarks along the way. We didn't get this far alone, but hand in hand with talented individuals and steadfast alliances. With our eyes on the horizon, we continually strive for excellence in our video surveillance solutions, forward-looking solutions and new business based on video intelligence technology, and maintain the utmost regard for our business relationships.

Hikvision is enjoying tremendous momentum. Our products and their various applications continue to push video surveillance technology further every year, surpassing previous limitations and reaching new levels of sophistication. And venturing into new areas of inspiring technology – such as Artificial Intelligence, cloud computing, and deep learning, to name a few – Hikvision leads the security industry and plans to ride that momentum long into the future.

Hikvision has been dubbed the number one complete video surveillance products provider worldwide by IHS Research for the 6th consecutive year, and ranked number one in A&S Magazine's "Security 50" in 2017 for the 2nd consecutive year.

## OBJECTIVE

To gain insights into Hikvision's cutting-edge video surveillance solutions, including advancements in Artificial Intelligence, cloud computing, and deep learning, in order to explore potential collaborations and partnerships that leverage Hikvision's expertise for mutual benefit and innovation in the security industry.
