

# LAUNCHING IEM OUTCOME BASED PROFESSIONAL INTERVIEW 2.0

*"Gateway towards Professional Certification and International Recognition"*

IEM's Professional Interview is being continuously enhanced and upgraded to meet the needs and expectations of the industry. In line with this objective, we are pleased to launch the IEM Outcome Based Professional Interview 2.0. Enhancements include:

- Simplified application forms
- Technical report being combined with Training & Experience report for completeness and coherence.
- Professional conduct and ethics will only be tested during Oral Interview.
- High achievers maybe exempted from the technical essay.
- As an outcome based assessment, demonstration of evidenced-based (or verifiable) design, site and implementation experience will be on the Training and Experience Report and Interview.

 **Effective on 1st September 2024**
