

Technical Visit to Megajana Cyberjaya District Cooling Plant

Jointly organised by: Urban Engineering Development Special Interest Group (UEDSIG),
Building Services Technical Division (BSTD) & EAMC

Date : 23 January 2025 (Thursday)

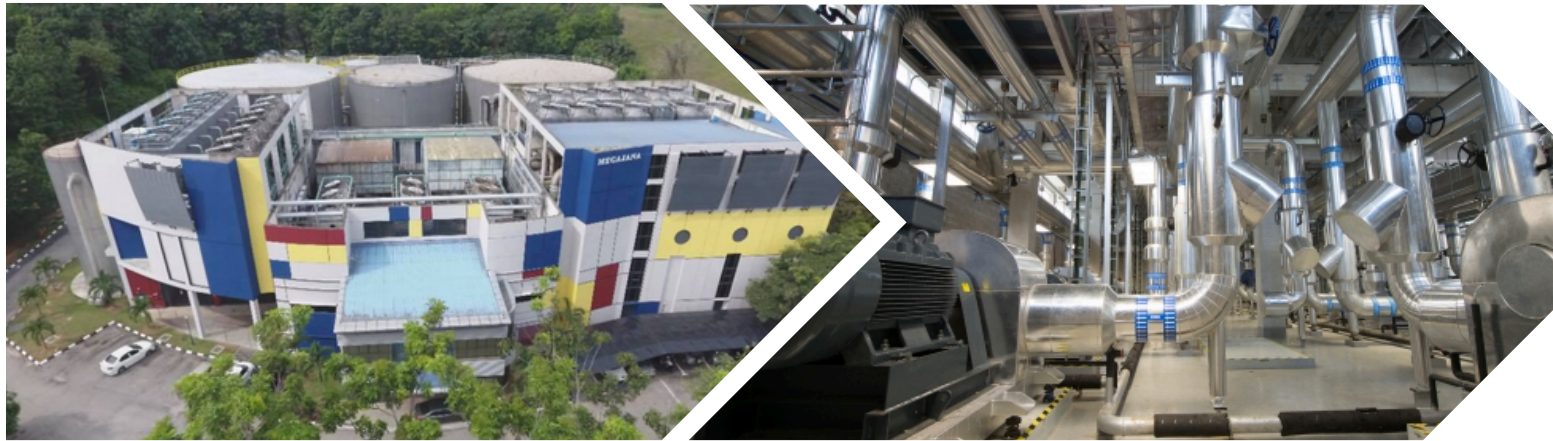

Time : 9.00am – 12.30pm

Address : Pendinginan Megajana Sdn Bhd, Lot 12150, Jalan Impact, Cyberjaya,
63000 Cyberjaya, Selangor

Transport : Transportation provided

BEM Approved CPD/PDP Hours: Applying

Ref. No.: IEM25/HQ/Applying/V

Synopsis

The Megajana District Cooling Plant is a cooling plant that produces and distributes chilled water to buildings in Cyberjaya to be used in the centralised air conditioning systems in these buildings. District cooling systems are highly efficient, reducing the energy required for air conditioning systems, reducing operational cost and the carbon footprint of building occupancy.

Participants will have the opportunity to observe the operation of the plant, including the central chiller plants, thermal energy storage systems, distribution network control centre, and energy management and monitoring systems, while gaining an appreciation of the economic and environmental benefits district cooling plants bring to the surrounding locality.

Note: Participants are advised to bring their own PPE (Safety boots, helmet, hi-vis vest)
